

WE'RE HIRING!

JOIN OUR TEAM AS A

DESIGN DRAFTER & ENGINEER

Monday through Friday—Compensation Depends on Experience

Come work for an established, reputable, expanding, family owned, manufacturing company that operates out of Springfield, SD. Looking for a Design Drafter & Engineer to join our team. Competitive pay plus generous benefit package.

Design Drafter & Engineer Responsibilities will include:

- Utilize ACAD and Inventor systems to design and prepare prints.
- Work within the ERP system (Visual) to ready production orders for manufacturing.
- Work from production orders to prepare prints and Bills of Material required for production.
- Revise drawings and Bills of Material according to design changes.
- Check work for accuracy, neatness, and compatibility with standards.
- Review production orders and obtain the necessary clarification from sales reps.
- Work independently and suggest process improvements.
- Continue to learn and apply advanced CAD system abilities.
- Work proficiently in Microsoft programs, especially Excel.
- Assist manufacturing when there are questions on production orders.
- Willing to jump in and help where needed to fulfill other duties as assigned by manager.
- Be a team player and work well with all personnel within the company.

Design Drafter & Engineer Requirement:

- Associates degree or 4-year degree
- Experience with ACAD software and 3D software, preferably Inventor.
- Solid work ethic, self motivator, good attendance, and punctuality.
- Ability to conduct yourself in a professional manner.
